NEW LIFE ATLANTA

Testimony

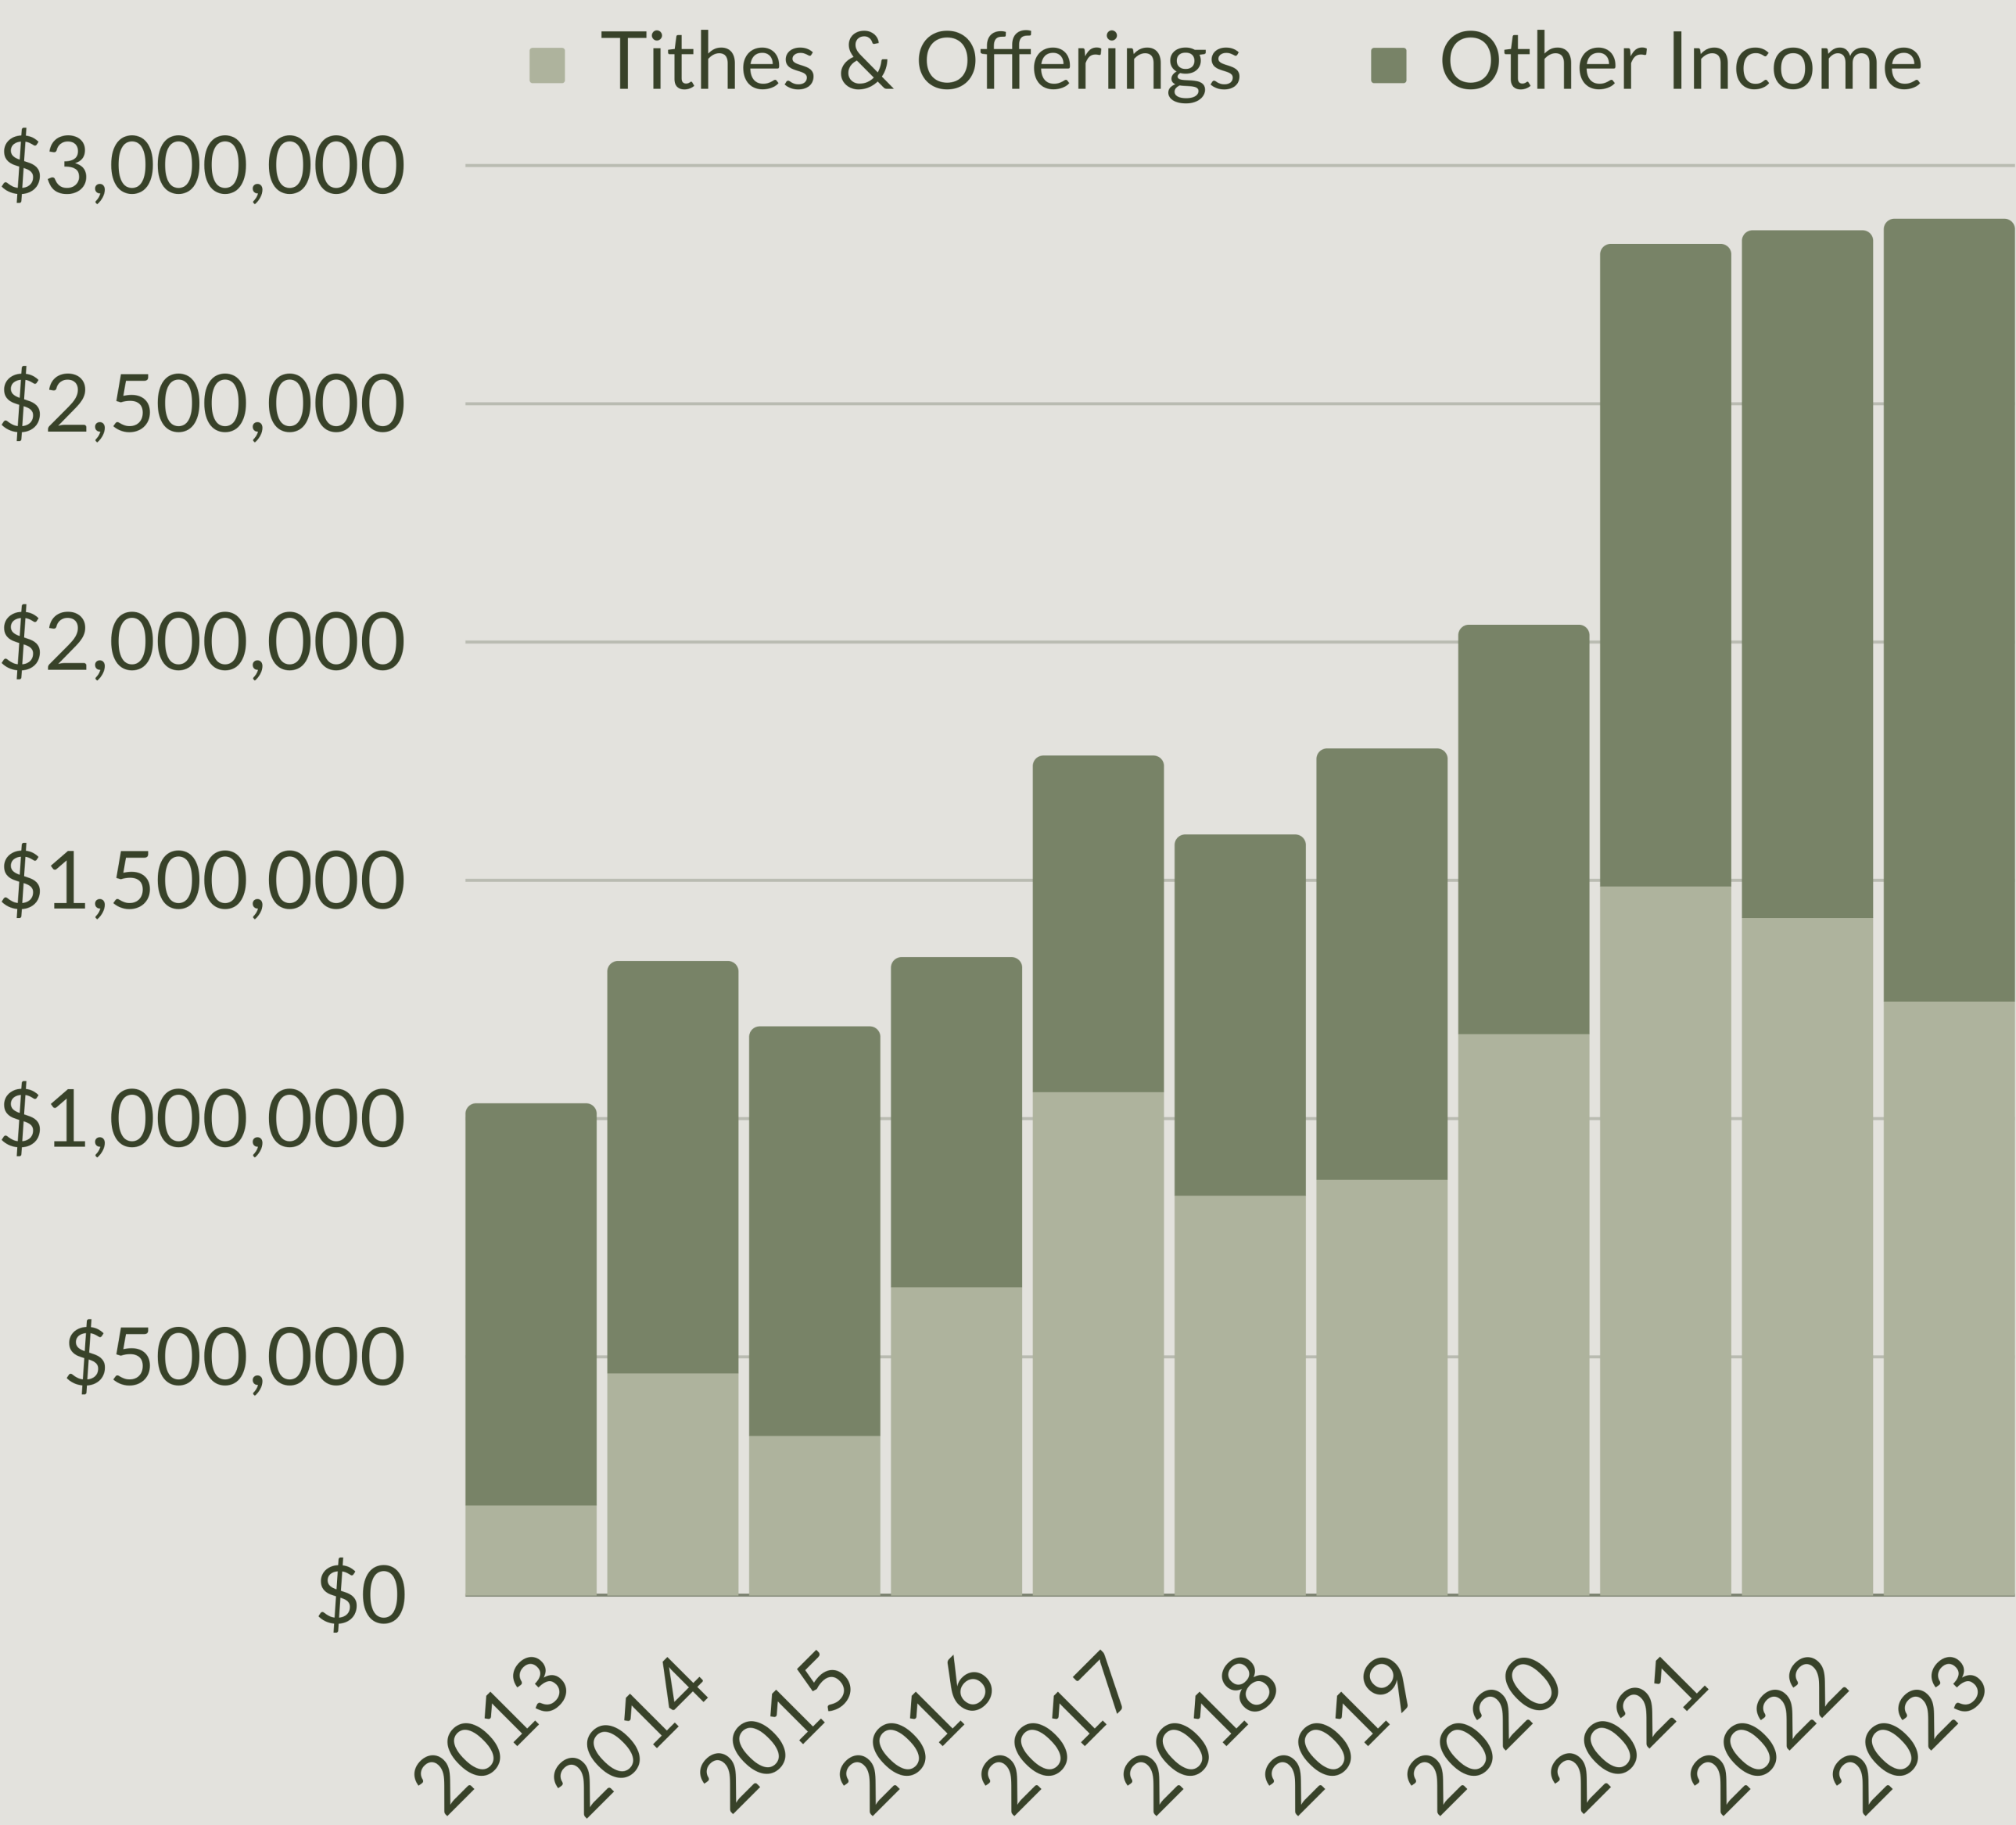

Our names are Vyacheslav and Lyudmila and we have four wonderful daughters. In 2023, our lives underwent significant changes and renewal. Here at New Life Church, we met many new people and found new friends among them. Last year, we received water baptism, which has blessed our lives so much! Our children are also actively involved in the church, including singing, participating in church events, and continuously being inspired and experiencing joy. We are grateful to God for radically changing our lives and for helping us develop our relationship with Him further!

NEW LIFE ATLANTA

Testimony

Over the past year, I've witnessed miracles that have reshaped my life, deepened my connection with God, and instilled a renewed sense of purpose in me. In 2023, I received water baptism, which was a special day for me surrounded by my loving family and friends. That experience amplified the joy of my spiritual rebirth and created a lasting memory of faith and unity. Since that day, I've continued to feel the touch and call of God, guiding my path and strengthening my faith journey.

Local Helps & International Missions

In 2023, New Life gave away
\$443,128
for local and international missions.

This means that New Life
tithed 15%
of our total income to the Lord.

Additionally, New Life donated
\$602,950 of foregone building rent
to FCS in exchange for scholarships
benefitting 60 New Life students.

Mission to Ukraine

Chaplaincy

New Life supported the expansion of chaplaincy services to law enforcement agencies, including assistance for victims of domestic violence support for widows and orphans, and extending pastoral care to military hospitals.

U4U Kids

New Life families participated in the arrival of children through the U4U Kids program by hosting children and financially supporting their travel and accomodations.
